REVIEW REPORT OF INDEPENDENT AUDITORS

To the Board of Directors and Shareholders of
Asia Electronic Material Co., Ltd.

Introduction

We have reviewed the accompanying consolidated balance sheets of Asia Electronic Material Co., Ltd. (the “Company”) and its subsidiaries as of June 30, 2024 and 2023, the related consolidated statements of comprehensive income for the three-month and six-month periods then ended, the related consolidated statements of changes in equity and cash flows for the six-month periods then ended, and notes to the consolidated financial statements, including the summary of significant accounting policies (together “the consolidated financial statements”). Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” as endorsed and became effective by Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on these consolidated financial statements based on our reviews.

Scope of Review

We conducted our reviews in accordance with the Standard on Review Engagements 2410, “Review of Financial Information Performed by the Independent Auditor of the Entity” of the Republic of China. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the Standards on Auditing of the Republic of China and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Company and its subsidiaries as of June 30, 2024 and 2023, and their consolidated financial performance for the three-month and six-month periods then ended and cash flows for the six-month periods then ended, in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, “Interim Financial Reporting” as endorsed and became effective by Financial Supervisory Commission of the Republic of China.

Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, results of operations and cash flows in accordance with accounting principles and practices in the Republic of China on Taiwan and not those of any other jurisdictions. The standards, procedures and practice to review such consolidated financial statements are those generally accepted and applied in the Republic of China on Taiwan.

Accordingly, the accompanying consolidated financial statements and report of independent accountants are not intended for use by those who are not informed about the accounting principles or the Standards on Auditing of the Republic of China, and their applications in practice. As the financial statements are the responsibility of the management, Ernst & Young cannot accept any liability for the use of, or reliance on, the English translation or for any errors or misunderstandings that may derive from the translation.

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

1. HISTORY AND ORGANIZATION

Asia Electronic Material Co., Ltd. (“the Company”) was established on July 7, 2003. Its main business activities include the manufacture of various electronic products and the sale of electronic materials. The Company’s stocks have been governmentally approved on June 28, 2011 to be listed and traded in Taipei Exchange starting September 19, 2011. The registered business premise and main operation address is at 4th Floor, No. 18, Lane 676, Jhonghua Rd. Jhubei City, HsinChu County 302, Taiwan(R.O.C).

2. DATE AND PROCEDURE OF AUTHORIZATION OF FINANCIAL STATEMENTS FOR ISSUE

The consolidated financial statements of the Company and its subsidiaries (“the Group”) for the six-month periods ended June 30, 2024 and 2023 were authorized for issue by the Board of Directors on August 7, 2024.

3. NEWLY ISSUED OR REVISED STANDARDS AND INTERPRETATIONS

- (1) Changes in accounting policies resulting from applying for the first time certain standards and amendments

The Group applied for the first time International Financial Reporting Standards, International Accounting Standards, and Interpretations issued, revised or amended which are recognized by Financial Supervisory Commission (“FSC”) and become effective for annual periods beginning on or after January 1, 2024. The adoption of these new standards and amendments had no material impact on the Group.

- (2) Standards or interpretations issued, revised or amended, by International Accounting Standards Board (“IASB”) which are endorsed by FSC, and not yet adopted by the Group as at the end of the reporting period are listed below.

Items	New, Revised or Amended Standards and Interpretations	Effective Date issued by IASB
a	Lack of Exchangeability – Amendments to IAS 21	January 1, 2025

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

(a) Lack of Exchangeability – Amendments to IAS 21

These amendments specify whether a currency is exchangeable into another currency and, when it is not, to determining the exchange rate to use and the disclosures to provide.

The abovementioned amendments are applicable for annual periods beginning on or after January 1, 2025 and have no material impact on the Group.

(3) Standards or interpretations issued, revised or amended, by IASB which are not endorsed by FSC, and not yet adopted by the Group as at the end of the reporting period are listed below.

Items	New, Revised or Amended Standards and Interpretations	Effective Date issued by IASB
a	IFRS 10 “Consolidated Financial Statements” and IAS 28 “Investments in Associates and Joint Ventures” — Sale or Contribution of Assets between an Investor and its Associate or Joint Ventures	To be determined by IASB
b	IFRS 17 “Insurance Contracts”	January 1, 2023
c	IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027
d	Disclosure Initiative – Subsidiaries without Public Accountability: Disclosures (IFRS 19)	January 1, 2027
e	Amendments to the Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7	January 1, 2026
f	Annual Improvements to IFRS Accounting Standards – Volume 11	January 1, 2026

- (a) IFRS 10 “Consolidated Financial Statements” and IAS 28 “Investments in Associates and Joint Ventures” – Sale or Contribution of Assets between an Investor and its Associate or Joint Ventures

The amendments address the inconsistency between the requirements in IFRS 10 Consolidated Financial Statements and IAS 28 Investments in Associates and Joint Ventures, in dealing with the loss of control of a subsidiary that is contributed to an associate or a joint venture. IAS 28 restricts gains and losses arising from contributions of non-monetary assets to an associate or a joint venture to the extent of the interest attributable to the other equity holders in the associate or joint ventures. IFRS 10 requires full profit or loss recognition on the loss of control of the subsidiary. IAS 28 was amended so that the gain or loss resulting from the sale or contribution of assets that constitute a business as defined in IFRS 3 between an investor and its associate or joint venture is recognized in full.

IFRS 10 was also amended so that the gains or loss resulting from the sale or contribution of a subsidiary that does not constitute a business as defined in IFRS 3 between an investor and its associate or joint venture is recognized only to the extent of the unrelated investors’ interests in the associate or joint venture.

- (b) IFRS 17 “Insurance Contracts”

IFRS 17 provides a comprehensive model for insurance contracts, covering all relevant accounting aspects (including recognition, measurement, presentation and disclosure requirements). The core of IFRS 17 is the General (building block) Model, under this model, on initial recognition, an entity shall measure a group of insurance contracts at the total of the fulfilment cash flows and the contractual service margin. The carrying amount of a group of insurance contracts at the end of each reporting period shall be the sum of the liability for remaining coverage and the liability for incurred claims.

Other than the General Model, the standard also provides a specific adaptation for contracts with direct participation features (the Variable Fee Approach) and a simplified approach (Premium Allocation Approach) mainly for short-duration contracts.

IFRS 17 was issued in May 2017 and it was amended in 2020 and 2021. The amendments include deferral of the date of initial application of IFRS 17 by two years to annual beginning on or after January 1, 2023 (from the original effective date of January 1, 2021); provide additional transition reliefs; simplify some requirements to reduce the costs of applying IFRS 17 and revise some requirements to make the results easier to explain. IFRS 17 replaces an interim Standard – IFRS 4 Insurance Contracts - from annual reporting periods beginning on or after January 1, 2023.

(c) IFRS 18 “Presentation and Disclosure in Financial Statements”

IFRS 18 replaces IAS 1 Presentation of Financial Statements. The main changes are as below:

(1) Improved comparability in the statement of profit or loss (income statement)

IFRS 18 requires entities to classify all income and expenses within their statement of profit or loss into one of five categories: operating; investing; financing; income taxes; and discontinued operations. The first three categories are new, to improve the structure of the income statement, and requires all entities to provide new defined subtotals, including operating profit or loss. The improved structure and new subtotals will give investors a consistent starting point for analyzing entities’ performance and make it easier to compare entities.

(2) Enhanced transparency of management-defined performance measures

IFRS 18 requires entities to disclose explanations of those entity-specific measures that are related to the income statement, referred to as management-defined performance measures.

(3) Useful grouping of information in the financial statements

IFRS 18 sets out enhanced guidance on how to organize information and whether to provide it in the primary financial statements or in the notes. The changes are expected to provide more detailed and useful information. IFRS 18 also requires entities to provide more transparency about operating expenses, helping investors to find and understand the information they need.

(d) Disclosure Initiative – Subsidiaries without Public Accountability: Disclosures (IFRS 19)

This standard permits subsidiaries without public accountability to provide reduced disclosures when applying IFRS Accounting Standards in their financial statements. IFRS 19 is optional for subsidiaries that are eligible and sets out the disclosure requirements for subsidiaries that elect to apply it.

(e) Amendments to the Classification and Measurement of Financial Instruments – Amendments to IFRS 9 and IFRS 7

The amendments include:

- (1) Clarify that a financial liability is derecognised on the settlement date and describe the accounting treatment for settlement of financial liabilities using an electronic payment system before the settlement date.
- (2) Clarify how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features.
- (3) Clarify the treatment of non-recourse assets and contractually linked instruments.
- (4) Require additional disclosures in IFRS 7 for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income.

(f) Annual Improvements to IFRS Accounting Standards – Volume 11

The amendments include:

- (1) Amendments to IFRS 1

The amendments mainly improve the consistency in wording between first-time adoption of IFRS and requirements for hedge accounting in IFRS 9.

(2) Amendments to IFRS 7

The amendments update an obsolete cross-reference relating to gain or loss on derecognition.

(3) Amendments to Guidance on implementing IFRS 7

The amendments improve some of the wordings in the implementation guidance, including the introduction, disclosure of deferred difference between fair value and transaction price and credit risk disclosures.

(4) Amendments to IFRS 9

The amendments add a cross-reference to resolve potential confusion for a lessee applying the derecognition requirements and clarify the term “transaction price”.

(5) Amendments to IFRS 10

The amendments remove the inconsistency between paragraphs B73 and B74 of IFRS 10.

(6) Amendments to IAS 7

The amendments remove a reference to “cost method” in paragraph 37 of IAS 7.

The abovementioned standards and interpretations issued by IASB have not yet endorsed by FSC at the date when the Group’s financial statements were authorized for issue, the local effective dates are to be determined by FSC. As the Group is still currently determining the potential impact of the new or amended standards and interpretations listed under (3), it is not practicable to estimate their impact on the Group at this point in time. The remaining new or amended standards and interpretations have no material impact on the Group.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES INFORMATION

(1) Statement of compliance

The consolidated financial statements of the Group for the six-month periods ended June 30, 2024 and 2023 have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers (“the Regulations”) and IAS 34 Interim Financial Reporting as endorsed and became effective by the FSC.

Except the following 4(3) ~ 4(4), the accounting policies applied in these consolidated financial statements are consistent with those applied in the consolidated financial statements for the year ended December 31, 2023. For more details, please refer to Note 4 of the Company’s consolidated financial statements for the year ended December 31, 2023.

(2) Basis of preparation

The consolidated financial statements have been prepared on a historical cost basis, except for financial instruments that have been measured at fair value. The consolidated financial statements are presented in thousands of New Taiwan Dollars (“NT\$”) unless otherwise specified.

(3) Basis of consolidation

The same principles of consolidation have been applied in the Company’s consolidated financial statements as those applied in the Company’s consolidated financial statements for the year ended December 31, 2023. For the principles of consolidation, please refer to Note 4(3) of the Company’s consolidated financial statements for the year ended December 31, 2023.

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

Note 1: In order to expand the market in China and develop the local supply chain, the company's Board of Directors' meetings resolved to invest in a new electronic functional material project in the eastern area of Jiangsu Dongtai Economic Development Zone on April 27, 2018. The company invested in the AMMON TEC. INVESTMENT CORP., a subsidiary of ASIA ELECTRONIC MATERIAL HOLDING (SAMOA) CO., LTD., remitted the investment amount of RMB30,000 thousand, RMB20,000 thousand and RMB20,000 thousand in 2018, 2019, 2021, respectively through the surplus distribution and reinvestment of KUNSHAN APLUS TEC. CORPORATION for a total of RMB70,000 thousand, and acquired 100% equity of DONGTAI APLUS TECHNOLOGY CO., LTD. Waited for the partnership formed by employees to remit its investment, AMMON TEC. INVESTMENT CORP. will hold 85% of the equity of DONGTAI APLUS TECHNOLOGY CO., LTD, and a partnership company composed of employees will hold 15%. As of the financial report date, this investment project is still in progress.

(4)Income tax

Income tax expense (income) is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities, using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period. Current income tax relating to items recognized in other comprehensive income or directly in equity is recognized in other comprehensive income or equity and not in profit or loss.

The income tax for undistributed earnings is recognized as income tax expense in the subsequent year when the distribution proposal is approved by the Shareholders' meeting.

Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- i. Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination; at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and at the time of the transaction, does not give rise to equal taxable and deductible temporary differences.
- ii. In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- i. Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination; at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and at the time of the transaction, does not give rise to equal taxable and deductible temporary differences.
- ii. In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax assets and deferred tax liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities. Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity. Deferred tax assets are reassessed at each reporting date and are recognized accordingly.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

According to the temporary exception in the International Tax Reform – Pillar Two Model Rules (Amendments to IAS 12), information about deferred tax assets and liabilities related to Pillar Two income tax will neither be recognized nor be disclosed.

Interim period income tax expense is accrued using the tax rate that would be applicable to expected total annual earnings, that is, the estimated average annual effective income tax rate applied to the pre-tax income of the interim period. The estimated average annual effective income tax rate only includes current income tax. The recognition and measurement of deferred tax follows annual financial reporting requirements in accordance with IAS 12. The Group recognizes the effect of change in tax rate for deferred taxes in full if the new tax rate is enacted by the end of the interim reporting period, by charging to profit or loss, other comprehensive income, or directly to equity.

5. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of the reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

The same significant accounting judgments, estimates and assumptions have been applied in the Group's consolidated financial statements for the six-month period ended June 30, 2024 as those applied in the Group's consolidated financial statements for the year ended December 31, 2023. For significant accounting judgments, estimates and assumptions, please refer to Note 5 of the Company's consolidated financial statements for the year ended December 31, 2023.

Finished goods	179,928	100,106	155,551
Total	<u>\$322,351</u>	<u>\$206,691</u>	<u>\$319,052</u>

English Translation of Consolidated Financial Statements and Footnotes Originally Issued in Chinese

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

B. For cost of inventories recognized in expenses amounted to NT\$584,451 thousand, NT\$529,027 thousand, NT\$309,206 thousand and NT\$284,172 thousand for the six-month and three-month periods ended June 30, 2024 and 2023, respectively. The following items were also included in cost:

Item	For the three-month periods ended June 30,		For the six-month periods ended June 30,	
	2024	2023	2024	2023
Loss (gain) from inventory market decline	\$10,504	\$(8,112)	\$7,715	\$(10,984)

For the three-month period and six-month period ended 30 June, 2023, the Group recognized gains on recovery of inventory market decline because some of the inventories previously provided with market loss or obsolescence were sold.

C. The inventories were not pledged.

(5) Financial assets at fair value through other comprehensive income

	As of		
	30 Jun. 2024	31 Dec. 2023	30 Jun. 2023
Equity instrument investments measured at fair value through other comprehensive income:			
Unlisted companies stocks	\$43,858	\$41,758	\$14,717
Listed companies stocks	6,939	6,939	41,510
Subtotal	50,797	48,697	56,227
Valuation adjustment	101,037	97,030	97,775
Total	\$151,834	\$145,727	\$154,002
Non-current	\$151,834	\$145,727	\$154,002

The Group classified part of financial assets as financial assets at fair value through other comprehensive income. No financial asset at fair value through other comprehensive income was pledged as collateral.

Others	12,479	12,479	12,479
Total	<u>\$192,899</u>	<u>\$192,899</u>	<u>\$192,899</u>

According to the Taiwan Company Act, the capital reserve shall not be used except for making good the deficit of the Company. When a company incurs no loss, it may distribute the capital reserves related to the income derived from the issuance of new shares at a premium or income from endowments received by the company up to a certain percentage of paid-in capital. The said capital surplus could be distributed in cash to its shareholders in proportion to the number of shares being held by each of them.

(c) Appropriation of earnings and dividend policies

a. Legal reserve

According to the Company Act, legal reserve shall be set aside until such amount equal total authorized capital. Legal reserve can be used to offset deficits. If the Company does not incur any loss, the portion of legal reserve exceeding 25% of the paid-in capital may be distributed to shareholders by issuing new shares or by cash in proportion to the number of shares held by each shareholder.

b. Special reserve

The FSC issued Order No. Financial-Supervisory-Securities-Corporate-1090150022 on March 31, 2021, which sets out the following provisions for compliance:

On a public company's first-time adoption of the IFRS, for any unrealized revaluation gains and cumulative translation adjustments (gains) recorded to shareholders' equity that the company elects to transfer to retained earnings by application of the exemption under IFRS 1, the company shall set aside special reserve. For any subsequent use, disposal or reclassification of related assets, the company can reverse the special reserve by proportion and transfer to retained earnings.

As of June 30, 2024 and 2023, the Company first-time adoption of T-IFRS NT\$41,956 thousand, respectively.

c. Earning distribution

(1) Earning distribution

According to the Company's Articles of Incorporation, current year's earnings, if any, shall be distributed in the following order:

- a. Payment of all taxes and dues;
- b. Offset prior years' operation losses;
- c. Set aside 10% of the remaining amount as legal reserve. There is no requirement to further make such reserve when legal reserve reaches the capital amount.
- d. Set aside or reverse special reserve in accordance with law and regulations; and
- e. The distribution of the remaining portion, if any, will be recommended by the Board of Directors and resolved in the shareholders' meeting.

(2) Dividend policies

For long-term finance planning requirements and to meet the shareholders' demand for cash, the Company's dividend policy aims for steadiness and balancing. Shareholder extra dividend each year cannot be less than 10% and more than 90% of distributed surplus earnings and cash dividends distributed each year cannot be less than 10% of the gross amount of dividends.

- (3) The appropriations of earnings for the year 2023 and 2022 were approved through the shareholders' meetings held on May 24, 2024 and May 24, 2023, respectively. The details of the distributions are as follows:

	<u>Appropriation of earnings</u>		<u>Dividend per share (in NT\$)</u>	
	<u>2023</u>	<u>2022</u>	<u>2023</u>	<u>2022</u>
Legal reserve	\$4,161	\$3,441

According to the resolution, not lower than 10% of profit of the current year is distributable as employees' compensation and no higher than 5% of profit of the current year is distributable as remuneration to directors. However, the Company's accumulated losses shall have been covered.

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

The Company may, by a resolution adopted by a majority vote at a meeting of Board of Directors attended by two-thirds of the total number of directors, have the profit distributable as employees' compensation in the form of shares or in cash; and in addition, a report of such distribution is submitted to the shareholders' meeting. Information on the Board of Directors' resolution regarding the employees' compensation and remuneration to directors can be obtained from the "Market Observation Post System" on the website of the TPEX.

The Company estimated the amounts of the employees' compensation and remuneration to directors for the six-month periods ended June 30, 2024 and 2023 to be not lower than 10% and not higher than 5% of profit of the current period, respectively, recognized as employee benefits expense. As such, employees' compensation and remuneration to directors for the three-month period ended June 30, 2024 amounted to NT\$607 thousand and NT\$182 thousand, respectively, and, for the six-month period ended June 30, 2024 amounted to NT\$2,485 thousand and NT\$745 thousand, respectively; while employees' compensation and remuneration to directors for the three-month period ended June 30, 2023, amounted to NT\$(210) thousand and NT\$(63) thousand, respectively, and, for the six-month period ended June 30, 2023, NT\$561 thousand and NT\$168 thousand, respectively. The employees' compensation and remuneration to directors were recognized as salaries.

The Company's Board of Directors' meeting has determined the employees' compensation and directors' remuneration, all in cash, to be NT\$5,197 thousand and NT\$1,559 thousand, respectively, in a meeting held on February 27, 2024. No material differences exist between the estimated amount and the actual distribution of the employee compensation and remuneration to directors for the year ended December 31, 2023.

The Company's Board of Directors' meeting has determined the employees' compensation and directors' remuneration, all in cash, to be NT\$6,119 thousand and NT\$1,836 thousand, respectively, in a meeting held on February 23, 2023. No material differences exist between the estimated amount and the actual distribution of the employee compensation and remuneration to directors for the year ended December 31, 2022.

(21) Earnings per share

Basic earnings per share is calculated by dividing net profit for the year attributable to the common shareholders of the parent entity by the weighted average number of common shares outstanding during the year.

Diluted earnings per share are calculated by dividing the net profit attributable to ordinary equity holders of the parent entity (after adjusting any influences) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

Total	<u>\$1,020,048</u>	<u>\$844,120</u>	<u>\$983,048</u>

(2) Objectives and policies of financial risk management

The Group's principal financial risk management objective is to manage the market risk, credit risk and liquidity risk related to its operating activities. The Group identifies measures and manages the aforementioned risks based on its policy and risk appetite.

The Group has established appropriate policies, procedures and internal controls for financial risk management. Before entering into significant transactions, due approval process by the Board of Directors must be carried out based on related protocols and internal control procedures. The Group complies with its financial risk management policies at all times.

(3) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of the changes in market prices. Market risk comprise currency risk, interest rate risk and other price risk (e.g. equity instruments).

In practice, it is rarely the case that a single risk variable will change independently from other risk variables. There are usually interdependencies between risk variables. However, the sensitivity analysis disclosed below does not take into account the interdependencies between risk variables.

Foreign currency risk

The Group's exposure to foreign currency risk relates primarily to the Group's operating activities (when revenue or expense are denominated in a different currency from the Group's functional currency) and the Group's net investments in foreign operations.

The Group has certain foreign currency receivables denominated in the same foreign currency as certain foreign currency payables, therefore natural hedge is achieved. Thus, hedge account is not adopted.

The foreign currency sensitivity analysis of the possible change in foreign exchange rates on the Group's profit/loss and equity is performed on significant monetary items denominated in foreign currencies as of the reporting period - end. The Group's foreign currency risk is mainly related to the volatility in the exchange rates for foreign currency US dollars and foreign currency RMB dollars. The information of the sensitivity analysis is as follows:

If NTD dollars appreciates/depreciates against US dollars by 1%, the net income (loss) for the six-month periods ended June 30, 2024 and 2023 would increased/decreased by NT\$495 thousand and NT\$1,505 thousand, respectively.

If NTD dollars appreciates/depreciates against RMB dollars by 1%, the net income (loss) for the six-month periods ended June 30, 2024 and 2023 would decreased/increased by NT\$7,169 thousand and NT\$8,389 thousand, respectively.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk relates primarily to the Group's investments with variable interest rates and loans with fixed and variable interest rates, which are all categorized as loans and receivables.

The interest rate sensitivity analysis is performed on items exposed to interest rate risk as of the end of the reporting period and presumed to be held for one accounting year, including investments and loans with variable interest rates. If interest rate increases/decreases by 0.1%, the net income (loss) for the six-month periods ended June 30, 2024 and 2023 would decrease/increase by NT\$120 thousand and NT\$179 thousand, respectively.

Equity price risk

The fair value of the Group's listed and unlisted equity securities and conversion rights of the Euro-convertible bonds issued are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Group's listed and unlisted equity securities are classified under financial assets measured at fair value through profit or loss and financial assets measured at fair value through other comprehensive income, while conversion rights of the Euro-convertible bonds issued are classified as financial liabilities at fair value through profit or loss as it does not satisfy the definition of an equity component.

The equity securities are the investments of listed stocks stated as equity instruments measured at fair value through other comprehensive income. For the six-month periods ended June 30, 2024 and 2023, a rise/fall of 1% of the equity securities will cause the equity of the Company to increase/decrease by NT\$98 thousand and NT\$218 thousand, respectively.

Please refer to Note 12.(8) for sensitivity analysis information of other equity instruments or derivatives that are linked to such equity instruments whose fair value measurement is categorized under Level 1.

(4)Credit risk management

Credit risk is the risk that counterparty will not meet its obligations under a contract and result in a financial loss. The Group is exposed to credit risk from operating activities (primarily for accounts and notes receivable) and financing activities (primarily for bank deposits and other financial instruments).

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Credit risk of all customers are assessed based on a comprehensive review of the customers' financial status, credit ratings from credit institutions, past transactions, current economic conditions and the Group's internal credit ratings. The Group also employs some credit enhancement instruments (e.g. prepayment or insurance) to reduce certain customers' credit risk.

As of June 30, 2024, December 31, 2023 and June 30, 2023, receivables from the top ten customers were accounted for 60.99%, 59.99% and 56.73% of the Group's total accounts receivable, respectively. The concentration of credit risk is relatively not significant for the remaining receivables.

Credit risk from balances with banks and other financial instruments is managed by the Group's finance division in accordance with the Group's policy. The counterparties that the Group transacts with are determined by internal control procedures. They are banks with fine credit ratings and financial institutions with investment-grade credit ratings. Thus, there is no significant default risk. Conclusively, there is no significant credit risk for these counter parties.

The Group adopted IFRS 9 to assess the expected credit losses. Except for trade receivables, the remaining debt instrument investments which are not measured at fair value through profit or loss, low credit risk for these investments is a prerequisite upon acquisition and by using their credit risk as a basis for the distinction of categories.

Financial assets are written off when there is no realistic prospect of future recovery (the issuer or the debtor is in financial difficulties or bankruptcy).

(5)Liquidity risk management

The Group maintains financial flexibility through the use of cash and cash equivalents, bank loans, convertible bonds, etc. The table below summarizes the maturity profile of the Group's financial liabilities based on the contractual undiscounted payments and contractual maturity. The payment amount includes the contractual interest. The undiscounted interest payment relating to borrowings with variable interest rates is extrapolated based on the estimated yield curve as of the end of the reporting period.

(7) Fair values of financial instruments

A. The evaluation methods and assumptions applied in determining the fair value

Fair value is the price that would be received to sell a financial asset or paid to transfer a financial liability in an orderly transaction between willing market participants (not under coercion or liquidation). The following methods and assumptions are used by the Group in estimating the fair values of financial assets and liabilities:

- (a) The carrying amount of cash and cash equivalents, receivables, payables and other current liabilities approximate their fair value due to their short maturity terms.
- (b) For financial assets and liabilities traded in an active market with standard terms and conditions, their fair value is determined based on market quotation price (including listed equity securities etc.) at the reporting date.

(c) Fair value of equity instruments without market quotations (including private company equity securities) are estimated using the market method valuation techniques based on parameters such as prices based on market transactions of equity instruments of identical or comparable entities and other relevant information (for example, inputs such as discount for lack of marketability, P/E ratio of similar entities and Price-Book ratio of similar entities).

(d) Fair value of debt instruments without bank loans and other non-current liabilities are determined based on the counterparty prices or valuation method. The valuation method uses DCF method as a basis, and the assumptions such as the interest rate and discount rate are primarily based on relevant information of similar instrument (such as yield curves published by the GreTai Securities Market, average prices for Fixed Rate Commercial Paper published by Reuters and credit risk, etc.)

B. Fair value of financial instruments measured at amortized cost

The carrying amount of the Group's financial liabilities measure at amortized cost approximates their fair value.

C. Fair value measurement hierarchy for financial instruments

Please refer to Note 12 (8) for Fair value measurement hierarchy for financial instruments of the Group.

(8) Fair value measurement hierarchy

(a) Fair value measurement hierarchy

All asset and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole. Level 1, 2 and 3 inputs are described as follows:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date

ASIA ELECTRONIC MATERIAL CO., LTD.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(Amounts Expressed in Thousands of New Taiwan Dollars unless Otherwise Specified)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 – Unobservable inputs for the asset or liability

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization at the end of each reporting period.

(b) Fair value measurement hierarchy of the Group’s assets and liabilities

The Group does not have assets that are measured at fair value on a non-recurring basis. Fair value measurement hierarchy of the Group’s assets and liabilities measured at fair value on a recurring basis is as follows:

As of June 30, 2024

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Financial assets:				
Equity instrument measured at fair value through OCI	<u>\$ 9,767</u>	<u>\$-</u>	<u>\$142,067</u>	<u>\$151,834</u>

(10)Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize shareholder value. The Group manages and adjusts its capital structure in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust dividend payment to shareholders, return capital to shareholders or issue new shares.
